Services	Unit	Unit cost
SAXS with proteins - measurement	hour	173 CZK
SAXS with proteins - basic analysis	sample	274 CZK
SAXS with proteins - advanced analysis	sample	1 863 CZK
SAXS with proteins - complex analysis	sample	3 018 CZK
SAXS with nano material - measurement	hour	95 CZK
Universal diffractometer - no crystal found	sample	97 CZK
Universal diffractometer - no diffracting crystal found	sample	167 CZK
Universal diffractometer - crystal with known lattice	sample	167 CZK
Universal diffractometer - known/unwanted structure	sample	335 CZK
Universal diffractometer: measurement + solving of "simple" crystal structure	sample	1 049 CZK
Universal diffractometer: measurement + solving of "difficult" crystal structure	sample	2 205 CZK
Universal diffractometer - final analysis of CIF with preliminary structural model	sample	1 155 CZK
PX system - robotized test of single sample	1 sample	21 CZK
PX system – testing up to 10 samples	10 samples	431 CZK
PX system - whole day of robotized testing	40 samples	920 CZK
Protein diffractometer: measuring	sample	750 CZK
Teaching	2 hours	196 CZK
